*And Here's to a Happy and Healthy New Year!*

It is with great excitement and joy that we enter the New Year working together as a team compiled of staff, residents, family members, and our community. The theme for 2010 at Valley Care Management is **"Giving each other 100%—everyday"**.

In November we distributed customer service surveys to all of our family members to help us understand areas that we are doing well and areas that we can improve upon. We will strive every day to give all our team members 100% to provide optimal care and outcomes to

our residents.

We look forward to working with you, and here's to a happy and healthy 2010!!

# Tea Anyone?

Twila, a resident of TimberView Crossing, enjoys the tea festivities.

Residents at TimberView and Journeys Crossing received royal treatment in October when owners Brian Phelps and Scott Strickland served them tea, coffee, and pastries. The special event was also a Red Hat Society Celebration, with a theme of red and purple, covering the room.

Sharon Lantz, a member of the "Bergton Hatters" supplied the array of beautiful teacups and saucers used by the residents, as well as the selection of teas.

16 total residents participated

in the festivities, 4 traveling to Timberville from Journeys Crossing, Elkton. Now that transportation is available by means of a handicapped

accessible van owned by the company, facility staff and residents look forward to coming together in the future for more joint activities.

Residents enjoy tea served by Scott and Brian at the tea party in October.

# Memory Walk Success!

alzheimer's association®  
Central and Western Virginia Chapter

A special thank you to each of you that participated in the 2009 Alzheimer's Association Memory Walk as this year's event was a huge success!! The Harrisonburg Walk in October raised over \$43,000 dollars, surpassing this year's goal of \$32,000. The Staunton walk also exceeded its goal of \$25,200 by raising over \$41,000!!

The fantastic success of the walks is attributed to the hard work of the memory walk committees as well as the hard work of our community members to raise funds to fight Alzheimer's Disease! Thank you for every dollar you contributed or helped raise!

Each of our facilities is already looking ahead to 2010 to

find creative ways to participate in next year's event! For example, this year Journeys Crossing held a benefit concert, while TimberView Crossing held a bake sale, yard sale, and Tupperware Bingo. The two facilities raised over \$2,500 combined. Find out more by talking to any facility administrator today!

*Introducing...*

## MontVue Healthcare Center

**MontVue Nursing Home is now MontVue Healthcare Center.**

After providing quality care in Luray for 34 years under the name MontVue Nursing Home, we are pleased to introduce the facility's new name effective

January 1, 2010 as **MontVue Healthcare Center**. Residents and family members are reassured that even with a new name, the same great care and dedication provided to our residents will remain the same! We look forward to entering 2010 as MontVue Healthcare Center!

### The History of the Christmas Wreath

*In ancient Rome, people used decorative wreaths as a sign of victory. Some believe this is where the hanging of wreaths on doors came from.*
